

West Fork Dairy Creek Restoration Project
Photo-point site 3 --- West Fork Dairy Creek stream reach located on Stub Stewart State
Park property (looking from west to east)

Pre-project stream crossing with stream crossing in place (road fill and two culverts) on
West Fork Dairy Creek.

Post-Project looking across creek channel, following removal of road fill and culverts
(prior to planting activities)

Year 1: May 2009

Year 3: May 2011
